FACULTY AND STAFF: KNOW WHO TO TELL WHEN YOU’RE UNWELL.

Your health and well-being remain top priorities for the university, and we are here to support you.

If you have been diagnosed with COVID-19:

• Self-isolate and do not come to campus or any NIU facility.
• Inform your supervisor of your diagnosis.
• Call NIU’s COVID-19 Helpline (815-753-0444) and answer a series of screening questions.
• Work from home if your duties allow and you feel well enough to do so. Otherwise, you should use available leave benefits.
• Return to campus only after you have been cleared by a health care professional and Human Resource Services.

If you are showing symptoms or have been exposed to someone with a lab-confirmed case of COVID-19:

• Self-quarantine and contact your health care provider.
• Follow the same guidelines outlined above.
